Career Exploration Opportunities:

**Exploring St. Louis: Exploring is a career exploration program for students 14-20 years old. Exploring pairs students directly with local companies and organizations for career exploration. Youth participate in unique, real-life opportunities to experience various career fields.
http://exploringstl.org/

**St. Louis Internships: http://stlouisinternship.org/

**St. Louis Science Center: https://www.slsc.org/join-give/volunteer-internship-opportunities/
(Volunteer and Internship Opportunities)

**St. Louis CAPS: students with the opportunity to gain real-world, hands-on work experience in professional work environments that relate to their academic and career interests, and prepares them for future jobs. The program is also designed to provide employers an opportunity to guide and evaluate future talent. Internships can take a variety of forms including short-stays or project-based, semester-long or summer opportunities. We strive to tailor a program that is mutually beneficial for our business partners and students.
